EDWAY TRAINING

TRAFFIC MANAGEMENT

Your PPE checklist

Traffic Controller (TC1 + TMI1)

Use this checklist before your practical training day and workplace placement.

For your practical training day

- Steel-capped safety boots
- Long work pants with two reflective bands
- A long-sleeved work shirt
- A broad-brimmed hat
- Safety glasses
- High-visibility clothing

For your workplace placement

- Bring all practical-day PPE listed above
- Hard hat
- Work gloves
- Sunscreen
- Compliant wet-weather gear when required
- A 5-watt two-way radio before starting your 20-hour Traffic Controller placement

Check before placement

Your placement provider may require additional PPE. Confirm its requirements before attending. All PPE must fit properly, be suitable for the work and be in serviceable condition.
